North West	Disability	Disability Positive	click here	click here	<p>Disability Positive is a Cheshire based user-led charity that works mostly in the North West. They provide opportunities and a voice to people living with a disability or long-term health condition, as well as their families. Disability Positive offer services to help people with everyday life, being part of their local community and looking after their own wellbeing. They also offer advice, help with practical tasks and advocate for people in lots of different situations. They listen and share people’s experiences to influence positive change in government policy. As a user-led organisation, Disability Positive offers free membership and welcomes anyone with lived experience of disability or a long term condition, or with caring responsibilities. They rely on their members to develop and continue their services and to be a strong voice to influence local, regional, and national government policy. As a member you will: help Disability Positive to influence the social or political environment on the issues which matter to members; help to keep the charity’s trustee board up-to date with the needs of our members and service users; keep the trustee board accountable to Disability Positive’s members; have the opportunity to volunteer, attend training and become a trustee; receive regular update and be invited to attend the Annual General Meeting, vote on changes and attend other exciting members’ events. Disability Positive also welcomes those who wish to volunteer with them. To find out more about membership use Contact 1. To find out more about volunteering use Contact 2.</p>
