# NEW VOTERS NEW POLITICS

We need a **NEW POLITICS** and to get it we must turn to a **NEW GENERATION**

**New Voters, New Politics** is a chance to have your say about the issues that matter: international development, human rights, global health, climate change, corporate responsibility and democratic participation. **Fifteen organisations** and 500 of their **young supporters** are coming together to debate with **senior figures** from all the major political parties, including Hilary Benn (Labour), Nick Herbert (Conservative), Simon Hughes (Liberal Democrats) and Darren Johnson (Green).

The evening will follow a Question Time format so turn up early to submit your questions and **get your voice heard.**

Register for your **FREE** ticket:
