# MOVEMENT ADMINISTRATOR

Dear applicant,

Thank you for downloading this applicant pack; we are delighted that you are interested in joining our team as our Movement Administrator! Inside this pack you will find more information about the role on offer and how to apply, as well as an introduction to SCM as a charity and what it is like to work with us.

SCM is a community of students, past and present, and it is community that is at the heart of who we are and how we do things. Wherever students find us and however they engage, they are our purpose; supporting them to be, and, where they are open to it, to grow in their lives and faith.

We are deeply committed to an inclusive, progressive and radical approach to the Christian faith, and this is evident throughout the organisation from a grassroots level through to the board of trustees. Our members are also who lead us, appointing their representatives to the board of Trustees and General Council, at whose meetings the vision and strategy of the charity are set. Throughout our work we seek feedback from students and listen to their voices as we move ever onwards.

Our membership is made up of an incredible diversity of people. Some gather in local communities on their university campus or at their church, others come together at a regional level through informal networks, and some members won't have a local community, so their place of connection is through our national, especially online, work. Wherever someone connects with SCM, our values are present and our aims are worked towards. For some SCM is a place to ask hard questions and be challenged by others who are wrestling with faith and ethics. For others, it is a safe Christian space to express and settle in their queer identity. And for all, it is a place where they can simply *be*.

SCM is more than just a gathering place for Christian students. We are also committed to putting faith into action, and throughout our long history SCM has travelled light, devoting ourselves to the next task or cause in the evolution of Christianity. We are a movement for today, and that means campaigning on current issues of concern such as the refugee crisis, the arms trade and food injustice, and modelling LGBTQ+ celebration and pushing the church to do the same. It means giving a platform to new and established theologians who encourage us and challenge us to grow in our faith. As we put our faith into action we often see our members becoming more confident as leaders, growing as everyday theologians, developing as activists and flourishing in their discipleship.

Of course, to enable SCM continue this work we also need to use our limited resources effectively to serve our community, and as a small charity we have always managed to do more

than our size would suggest. As we look to our future we have big dreams of what SCM can be, and to achieve this we're looking for a Movement Administrator to support our work in bringing together students across Britain.

The ideal candidate for this role will be someone who is a confident communicator and can build relationships with people from a wide range of backgrounds. As the main point of contact for students and SCM community leaders, you will be able to respond to queries in a friendly and professional manner, communicating with students and other stakeholders and ensuring a high level of support is offered. You will need to show, in addition to the skills and experience listed in the person specification, that your values align with our values, and that you share our commitment to safeguarding. A willingness to learn and a positive attitude are as important to us as qualifications and experience, so do please get in touch even if you don't think you meet all of the criteria quite yet.

You would be joining a small but dynamic staff who are deeply committed to the values and work of SCM, and who are excited to welcome you to the team and work with you in your role. We can also offer you a competitive salary, a generous annual leave entitlement, pension contributions, enhanced sickness and family leave pay, and flexible working.

We actively encourage people from structurally disadvantaged backgrounds and underrepresented groups to apply. This includes, but is not limited to, people from communities experiencing racial inequality, migrants, refugees, women, non-binary people, people who identify as LGBTQIA+ and/or people from an economically deprived background.

For an informal discussion about this role contact Lisa Murphy, Operations Manager, by emailing [lisa@movement.org.uk](mailto:lisa@movement.org.uk)

We look forward to receiving your application!

# ABOUT US

The Student Christian Movement came into being in 1889 as a loose network of students dedicated to missionary work overseas. It rapidly broadened its aims and membership to become the largest student organisation in Britain. The values of inclusiveness, radicalism and an open and challenging approach to the Christian faith were as important in the early days of the movement as they are now.

The movement today is made up of a network of communities and individual members across Britain, as well as Churches and Chaplaincies. Each SCM community is different, but students can expect to find a warm welcome as well as activities including bible study, prayer, campaigns and social action, talks, discussions and socials.

As a national movement we come together at regional and national events to learn more about our faith and spend time as a community. We take action on issues of social justice chosen by our members.

The British SCM is part of the World Student Christian Federation (WSCF) which brings together more than two million Christian students around the world.

---

As a student-led movement, SCM's decision making body, known as General Council, is made up of students and recent graduates. Members of General Council are elected by the membership at the AGM each year, and serve for a two year term.

General Council is the group that makes sure that all of the different parts of the movement fit together, representing the members of SCM and influencing areas of SCM's work. Some members of General Council are also the Trustees of SCM.

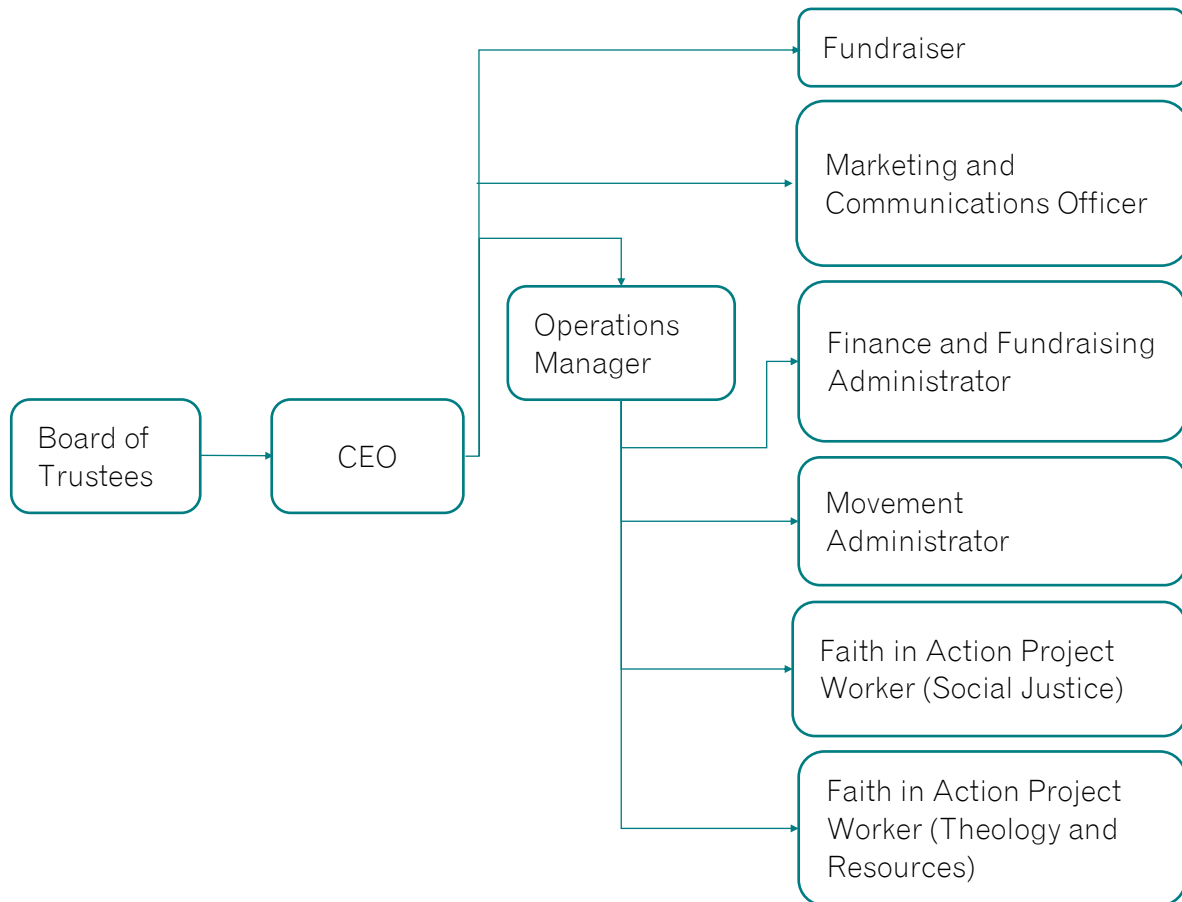

Decisions are made by GC in the following areas:

- Setting the strategic plan and ensuring that the charity is well run
- Recruiting and managing staff
- Setting budgets and monitoring finances
- Working with national and global partners
- Creating organisational policy.

General Council are supported by an advisory board called the Council of Reference. The Council of Reference provides advice to the trustees on matters such as strategy, finance and staffing, and is made up of volunteers, some of whom are former members of SCM.

The day to day running of SCM is delegated to the staff team. Staff work to support students, local SCM communities, chaplaincies and churches by running events, offering training, and providing resources and advice. The staff team also fundraise to support the work of the movement and look after the day to day administration of the charity.

## Organisation Structure

Some staff are home-based, though they do work from the SCM office in Birmingham occasionally. Others are based predominantly in the office and sometimes work from home for part of the week in line with our Hybrid Working policy. Throughout the working week the team keep in touch with one another through daily check ins via Teams and a weekly team meeting.
